Am I right that since it only asked for records since January 2014 and this would all be in outlook that I don't need to do anymore searching (except of course for any non email records)?

Hi Ivry – According to the R9 interim procedures for dealing with our Outlook search challenges, it appears you are to send our request below on the subject FOIA to the ediscovery email address at HQ. My lead staff for the subject matter has provided answers to the 6 questions listed in the interim procedures. As you are also aware, OWOW confirmed today that they will take lead for the response, as HQ is likely to have responsive materials (including Outlook items) as well. At this point, we are not recommending a request for extension of the deadline, but will leave that decision ultimately to OW. Thanks, and please contact me, Melissa or Rich with any questions.
